

Dear Parents,

Welcome to first grade! We are looking forward to the exciting nine month ahead of us!

Hope you are fine and enjoying the improvements of our children as much as we are doing.

We have started off a new school year and we want to find the opportunity to thank you for your support and encouragements towards our children - the more we encourage them the more enthusiastic they will become in learning.

Their overall participation in class has been tremendous!

UOI: Who we are:

1. Our behavior and daily routines.
2. The primary needs for our health and happiness.
3. Our health and happiness correlate with our personal choices.
